

RELEASE NOTES

Website CMS has had several updates over the last two weeks. These updates are covered in versions 6.0.0, 6.1.0, and 6.1.1.

FEATURE FLAG: CMS PRO

Upgrade Site to Pro

Upgrading a site to 'Pro' gives it access to content types that it wouldn't otherwise have.

Current site Id: **{701B9761-B287-4959-9FC7-23BF14090037}**

Site Level	Pro
<input type="button" value="Apply"/>	

Available to: CMS Managers

Managers can set the site level to enable Pro functionality. Sites will have access to the Pro features as they become available.

ACCORDIONS

Example Link:

<https://anycity.test.govoffice.com/accordions>

Available to: Website Management Pro

The Accordion is a new data type within the CMS. It is like the Quick List data type, but each item is grouped in an expandable/collapsible region.

Home Departments Residents I Want To Examples

Accordion Item 1

Accordions are expandable/collapsible regions.

Accordions are expandable/collapsible regions. They are great for displaying multiple items in a single location, such as a list of events or news items. Each accordion item can contain text, images, and other content. Accordion items are grouped together under a single heading, and can be expanded or collapsed by clicking on the heading.

Accordion Item 2

Accordion Item 3

MILESTONES

Home Departments Residents I Want To Examples

Milestone 1

Milestones are expandable/collapsible regions.

Milestones are expandable/collapsible regions. They are great for displaying a timeline of events, such as a list of milestones or achievements. Each milestone item can contain text, images, and other content. Milestone items are grouped together under a single heading, and can be expanded or collapsed by clicking on the heading.

Milestone 2

Example Link:

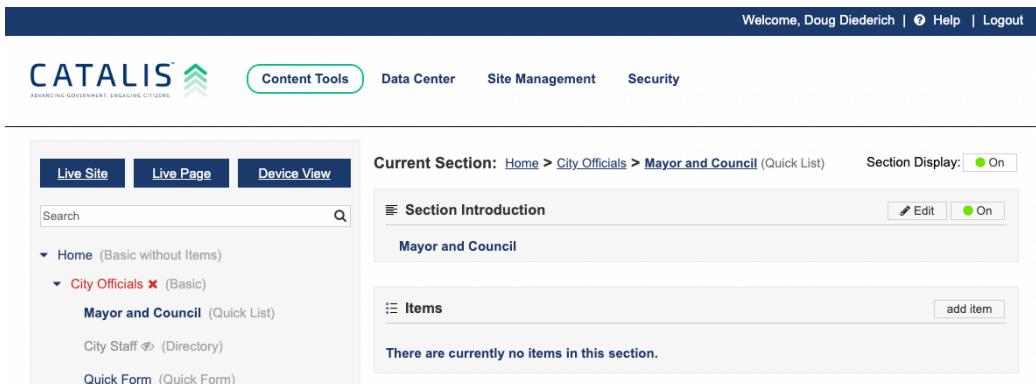

<https://anycity.test.govoffice.com/milestones>

Available to: Website Management Pro

The Milestone type is another new data type in the CMS. Milestones were inspired by looking into examples of accordions. The imagery is designed to represent a timeline of events.

CATALIS REBRAND

Available to: Everyone

The screenshot shows the CATALIS website management interface. At the top, there is a dark blue header bar with the text "Welcome, Doug Diederich | ? Help | Logout". Below the header, the CATALIS logo is on the left, followed by "Content Tools", "Data Center", "Site Management", and "Security".

The main content area is divided into two columns. The left column contains a sidebar with buttons for "Live Site", "Live Page", and "Device View", and a search bar. Below the search bar is a navigation tree:

- Home (Basic without Items)
- City Officials (Basic)
 - Mayor and Council (Quick List)
- City Staff (Directory)
- Quick Form (Quick Form)

The right column shows the "Current Section: Home > City Officials > Mayor and Council (Quick List)". It includes a "Section Display" toggle switch set to "On". The "Section Introduction" section contains the title "Mayor and Council" with edit and status buttons. The "Items" section displays the message "There are currently no items in this section." with an "add item" button.
